EU DECLARATION OF CONFORMITY **Regulation (EU) 2025/40 (PPWR)**

Annex-a, Note

Definitions

(*1) "Individual packaging" refers to packaging for a single item, excluding the inner and outer cartons.

(*2) "Recycled content" by percentage" covers only the single item, excluding the inner and outer cartons.

(*3)&(*4)

1. Excluding reuse within the same production process.

2. 0% = All non-recycled material.

For instance, 80% = 80% recycled contents and 20% non-recycled material.

(*5) "Plastic case" refers to a blade case that can be used until the blades inside are completely consumed, and it could arguably be considered an integral component of the product. From that point of view, and the only packaging material is the sticker affixed to the case.
